Message From Our President

Dear Friends of The Organization:

As President of Rock Island-Milan Youth Sports, I am proud to present the 2025 Annual Report. This summary documents our accomplishments to date with plans for future goals and objectives.

The Organization's focus is to:

1. Financially support extracurricular activities and programs within the greater Quad Cities community.
2. Remove economic barriers that prevent many children from actively participating in team sports and extracurricular activities.

Respectfully,

KEVIN NOLAN

President of the Board

For a fourth year running Rock Island-Milan Youth Sports and specifically the Milan Harvest Festival received an unbelievable amount of community support. We once again welcomed and celebrated more than 10,000 attendees at the Milan Harvest Festival over Labor Day weekend. This family-friendly event included live music, carnival rides, games, food vendors, a trading card show, disc golf, parade, fireworks, a drone show and more!

As we continue to grow, please know sponsor partnerships are vital. I look forward to exploring opportunities together which help kids thrive and reach their fullest personal potential.
